Minneapolis, Minnesota 55408 | Email: cr7ston@cristongonzalez.com | Phone: 551-275-8313

Linkedin: <https://bit.ly/3dvKYBT> | Portfolio: <https://bit.ly/3LDlbEE> | GitHub: <https://github.com/cr7st74n>

Full stack web developer with passion in UI/UX design. Recently earned a certificate in full stack development from the University of Minnesota Coding bootcamp, with experience in cooperative work to develop competitive and responsible projects. The most important skills are HTML, CSS, JavaScript, React.js, Node.js, and MySQL. Known for the attention in every detail and always committed to work and improve in every part of my project. Applied all the abilities to build a web-app with the latest technologies. Worked with a team of 4 to develop a single-page MERN app that provides the most accurate information about how to adjust your budget and save money based on the information provided by the user. Excited to leverage skills as part of a fast-paced, quality-driven team to build better experiences on the web.

TECHNICAL SKILLS

JavaScript ES6+, CSS3, HTML5, SQL, NoSQL, GitHub, MongoDB, MySQL, Express, React, Node, Handlebars, jQuery, Bootstrap, Python, Java, AutoCAD, 365 Office, 3D Works, Microsoft System Maintenance.

PROJECTS

FitSpace | <https://github.com/infinity-machine/project2> | <https://fitspace-stay-fit-my-friends.herokuapp.com/>

- Tools: HTML, CSS, JavaScript.

Weather-Dashboard | <https://github.com/cr7st74n/Weather-Dashboard> | <https://cr7st74n.github.io/Weather-Dashboard/>

- Summary: This web-app will provide the most accurate information about the weather in different cities using an API.
- Role: Sole author
- Tools: HTML, CSS, JavaScript.

RELEVANT EXPERIENCE

Student Ambassador

Minneapolis Community and Technical College

Student Ambassadors perform various duties and services as a MTC representative. Their duties include, leading the MTC campus tours, ushering events, representing the college.

January 2022–Present

Minneapolis, MN

Key Accomplishments:

- Helping with computational issues to more than 100 students that need support in connecting to wi-fi, entering their account, checking their classes online, etc.
- Outreach capacities, meeting and greeting campus visitors, and attending mandatory student leadership and training sessions.

Assembler

July 2021– December 2021

Kulite Semiconductor Products Inc

Leonia, NJ

Use of chemicals, epoxies, shrink tubing, heat guns and measuring tools. Inspect, position, and assemble parts according to special instructions.

Key Accomplishments:

- Perform precision assembly of delicate electronic components under a microscope.
- Record job completion on traveler sheet for each process of assembly. Send more than 150 assembled products to test or to quality assurance inspection.
- Keep production supervisor advised of work status, workload, problems, and progress as related to work assignments.

Shop Technician

January 2019 - May 2021

Impact Displays Group

Carlstadt, NJ

Follow the models designed by engineers and manufacture those models to produce the final product for the client. Compliance with established safety practices and procedures, working safely and disposing of hazardous materials properly and inspecting finished products to verify conformity to quality standards are some of the key procedures in this position.

Key Accomplishments:

- Work with a team and be able to complete more than 200 projects on time, modify any client changes, and keep working extra hours to ensure the quality of the product.
- Cleaned and organized work areas to remove safety hazards and maintain minimum level of production errors.
- Set up, calibrated and continuously adjusted production equipment to achieve the desired production speed and material flow.
